

The Power of Solar

Know the Facts

Stepping Towards Solar

- Get A Free Energy Audit From AVECC

Consider All of the Costs

- Cost to Purchase Solar Equipment
- Cost of Installation
- Financing Charges
- Additional Insurance Costs
- Solar Equipment Maintenance Cost

Consider These Before Purchasing

- Net Metering Laws Are Subject To Change
- Solar Power Is Dependent On Weather
- Do You Have Enough Space For Solar Panels
- Check With Your Insurance Provider Before Construction
- Pick Contractors That Have Experience With Solar And Verify Their License
- Thoroughly Read All Contracts To Ensure All Costs Are Included
- Request Multiple Bids From Contractors and Compare

Before Installing and Connecting

- Complete And Submit A Copy Of The Standard Interconnection Agreement And Ownership
- Contact AVECC To Schedule A Site Visit To Commission The Installation
